

Dear Cryo-colleague,

As you will have noticed the rescheduled European Cryogenics Days 2022/2023 will be a fully in-person event on March 28<sup>th</sup> and 29<sup>th</sup>, 2023. The program is still being finalized but we intend to open the event with the General Meeting of the CSE followed by invited plenary talks, posters and exhibitions. The ECD will conclude on the 29<sup>th</sup> with a site visit of FAIR and a farewell coffee break.

We hope that this format will provide our members and other interested participants with a discussion platform concerning the increasing number of cryogenic applications with their future and current needs and solutions. We also hope that the ECD will provide for those valuable in-person interactions that have been missing these past few years.

#### Confirmed invited talks:

J. Weisend/ P. Arnold (ESS): Progress for the cryogenic system at ESS

S. Schlachter (KIT): Cryogenics in Superconductor Applications in Space

G. Santos Tomás (University of Twente): Cryogenics in Superconductor Applications in Waste Processing

L. Delprat (CERN): Update of the FCC cryogenics

S. Mattei EMBL: Cryo-electron microscopy in structural biology research

H. Kollmus (GSI): Cryogenics for FAIR

#### Exhibition:

We invite our corporate members to register for exhibition. The exhibition will cost 750€ (plus VAT) for CSE corporate members. Companies and institutes that are not (yet) corporate members of the CSE will be charged 900€ (plus VAT). To register for these opportunities, please register as an exhibitor on the [ECD2023 event registration page](#).

#### Posters:

A poster session is scheduled for Tuesday afternoon with ample opportunity for interaction. If you are interested in presenting a poster, please check this option during event registration. You will be contacted with further information following registration.

#### Sponsoring Opportunities:

The CSE welcomes support for the ECD through sponsorship with several opportunities for visibility. The CSE will be your contractual partner for these opportunities. Don't hesitate to contact us for more information on sponsoring opportunities: [ECD2022@gsi.de](mailto:ECD2022@gsi.de).

#### Attendance Fees:

CSE members: free; non-CSE members 20 euros.

#### Pre-program:

An hour and half tour of the European Space Operations Centre is available on Monday, March 27<sup>th</sup> at 3:30 p.m. To participate, please select this option during registration.

#### Further information:

Visit the ECD [website](#) or send an email to [ECD2022@gsi.de](mailto:ECD2022@gsi.de).

[Please forward this announcement to contacts in your network that may be interested.](#)

We hope to welcome you on March 28<sup>th</sup> and 29<sup>th</sup>!

CSE Board
