## European Cryogenics Days 2019

The Cryogenics Society of Europe (CSE) and the High-Energy Physics network (HEPTech) in collaboration with the European Spallation Source (ESS) invite you to attend the 2019 European Cryogenics Days on October 7 and 8, 2019 in Lund Sweden.

This event will consist of the annual meeting of the Cryogenics Society of Europe followed by invited talks on all aspects of cryogenics, an industrial exhibition, a tour of the ESS site including cryogenic facilities and social events. Ample time will be provided for one on one meetings.

Additional details including registration information and an indico page will be provided later this Spring.

Please contact [ECD2019@esss.se](mailto:ECD2019@esss.se) with expressions of interest or any questions

We look forward to welcoming you to this exciting event in Sweden!

John Weisend, Marcel ter Brake and Weiyang Li for the organizing committee
